

Carpool Rules, Information & Agreement

As part of the Rideshare Program, participants may apply for a Carpool Permit (CP) allowing access to premium parking spaces on campus. All participants must complete and sign this Agreement along with a Carpool Permit Application and return both to Parking and Transportation Services.

1. **Each participant must be a member of the Rideshare Program.**
2. **Only one CP will be issued for each carpool, as defined herein. Carpoolers will arrive on campus together in one vehicle.**
3. **A carpool consists of two (2) or more persons riding together in the same vehicle.**
4. **Any vehicle parked in violation of the carpool rules will be subject to a citation and/or towing. No notice will be given prior to towing. Violators will be required to pay the towing and all related charges, and carpool privileges may be revoked at the discretion of the College. At that time, the CP must immediately be returned to Parking and Transportation Services.**
5. **A holder of a CP must return the permit at any time that their carpool group cannot comply with this Agreement.**
6. **The CP must be clearly and prominently displayed at all times.**
7. **The College does not guarantee a premium carpool space to every CP holder at a given time. If a carpool space is not available, the holder must park in a lot designated by the assigned CP.**
8. **CP holders may NOT use a carpool-only parking space when not operating as a valid carpool as defined herein.**
9. **Student Carpool Permits expire at the end of each semester. Once a carpool is formed for the new semester, submit new carpool application and signed agreement forms. Faculty/staff Carpool Permits are valid for an academic year.**
