Event Policy

State University of New York College at Brockport

INTRODUCTION

I. Operating Philosophy

The College recognizes that meetings, campus activities and other organized events are important aspects of the quality of college life and its day-to-day operations. The campus community is encouraged to plan and implement events and programs that are consistent with the mission of the College.

II. Use of Facilities

The use of SUNY College at Brockport facilities is governed by the SUNY guidelines. The guidelines are available on the Web at: www.suny.info/policies/groups/public/documents/policies/pub_suny_pp_037775.htm.

III. Event Defined

For this policy, an event is generally defined as persons gathered together for a meeting or to participate in an activity or experience, which often permits interaction or movement such as a concert, lecture, show, etc.

The sponsoring organization and the person responsible for the event, as indicated on the Space Reservation Form, agree to comply with all the items indicated in the Event Policy. Failure to do so may lead to the cancellation of an event, ending an event prior to the scheduled ending time, denial of facilities for future events and/or special conditions being placed upon the organization and/or its future events.

USE OF CAMPUS SPACE

- I. Groups should first contact the Office of Campus Life, (585) 395-5645, regarding facility use and reservations. If another office manages the desired area, for example BASC or the Tuttle Athletic Complex, the request will be referred as appropriate by the Office of Campus Life.
- II. Requests by off-campus groups to use College space will be subject to availability and billed according to the College's current Facility Fee Schedule and other charges. Charges will be determined in advance based on the scope and nature of the proposed activity.
- III. Any planned assembly, demonstration or similar activity proposed for the SUNY Brockport campus must be approved in advance. The application and information are available from the Office of Campus Life. The policy is on pages 60 – 61 in the current edition of *Your Right to Know and Academic Policies Handbook*. The Vice President of Enrollment Management and Student Affairs and/or his designee have the right to require additional institutional requirements to protect the safety of members of the campus community.

PROCEDURES FOR PLANNING YOUR EVENT

This section will provide a full description and details on what is required for events on campus. Additionally, Addendum #3 — Event Checklist (on page 14 of this Handbook), provides a step by step guide to be used during the planning process.

I. Forms

Recognizing the importance of meetings, campus activities, and other organized events, the College's goal is to create a partnership with event sponsors to ensure the best planned and most successful event/s possible. Below is a list of the essential forms needed to assist with that process.

A. *Space Reservation Form* (Used to reserve space only.)

1. The College community utilizes the *Space Reservation Form* to reserve all space on campus. Every campus facility, room or area (including classrooms not used for course instruction), Tuttle, fields and outdoor areas, residence halls and their adjacent areas, and the Gallery Lounge and Game room need to be reserved using the *Space Reservation Form*.
2. A *Space Reservation Form* should be submitted as early as possible to allow for proper planning and provision of campus resources. Minimally, the form should be submitted **at least 15 business days prior to the date of an event** to the Office of Campus Life, Seymour College Union, Room 213.
3. AV and/or technical needs and setup must be included on the *Space Reservation Form* as early as possible, but no later than one week prior to the event to ensure provision of requested materials. AV resources on campus are limited and are provided on a first come; first served basis.
4. Once space use has been approved, a signed copy of the *Space Reservation Form* is returned to the person responsible for the event. Approval of a *Space Reservation Form* does not signify event approval for all requests. The Office of Campus Life or the specific building coordinator will indicate on your approved *Space Reservation Form* if an *Event Form* must also be completed. If an *Event Form* is needed the sponsoring organization must provide additional information to be considered in approving an event.

B. *Event Form*

Following confirmation of space availability, an event is evaluated based upon scope of event described on the *Event Form*. The *Event Form* is used to identify responsibilities of all parties involved in the execution of an event (sponsoring organization, building coordinator, University Police, facility manager, etc.)

1. Large scale and/or complex events require that an *Event Form* be submitted to provide supplemental information about special services, setup, equipment, security, etc., that will be required or needed.
2. The *Event Form* will be completed at the pre-event meeting.
3. After space availability is confirmed and after financial arrangements are secured or purchase orders are approved, negotiations may begin with agents, performers, etc. However, **bids may only be extended after all the above is completed and approved.**
4. Once the *Event Form* is complete with all necessary signatures and information, the person responsible for the event will receive a copy of the form.

II. Event Meeting and Process

The Office of Campus Life will determine how many meetings are required to properly plan and evaluate an event. Minimally, events that have been identified as needing an event meeting(s) will be subject to at least one pre-event, an event and post-event evaluation meeting.

A. Pre-event Meeting*

Generally, a pre-event meeting will be held to discuss one or more of the following:

1. A contract for a vendor/ performer must be developed.
2. The sponsoring organization would like assistance with completing the *Event Planning Checklist*.
3. The building coordinator and/or the Office of Campus Life requires more information than what is listed on the *Space Reservation Form* and/or what will be discussed at the event meeting.

Once the pre-event meeting has been held the sponsoring organization will be authorized to extend a bid and/or book an event performer. (ex., DJ, band, comedian, etc.)

B. Event Meeting*

What constitutes the need for an event meeting? Any event that meets one or more of the following criteria is required to have an event meeting.

1. Event is intercollegiate and/or open to off-campus community.
2. Event involves a production company (e.g., Northeastern Productions).
3. Event requests use of space beyond regular building hours.
4. Event is deemed by professional staff to be “new to the campus community” and/or large in scope.
5. Event anticipates attendance of more than 100.
6. Event involves a large setup and/or use of multiple spaces.

The purpose of an event meeting is to discuss the details of the event, answer any questions, and complete and sign the *Event Form*. The *Event Form* identifies the details of the event, including but not limited to setup and takedown needs, the number(s) of Student Patrol and University Police officers required for the event, along with any operating procedures, rules and regulations the sponsoring organization and event participants must follow throughout the event. The date for a post-event evaluation meeting will be set at the event meeting. Failure to attend an evaluation meeting may result in suspension of privileges.

All event meetings occur on Monday at 1:30 pm in Seymour College Union, Room 208, and may be scheduled in the Office of Campus Life, Room 203 of the Seymour College Union. Under circumstances where no one from the sponsoring organization can attend an event meeting during the Monday timeframe, it is the responsibility of the sponsoring organization to set up alternative arrangements with all meeting participants.

Event meetings must take place a minimum of three Mondays prior to the event or 15 business days. This meeting is attended by representatives from the offices listed below, who review the information provided, discuss and agree to the final parameters and requirements for the event, and make a final determination if the event will be approved. This meeting must occur within two Mondays after the event.** Under circumstances where no one from the sponsoring organization can attend an event meeting during the Monday timeframe, it is the responsibility of the sponsoring organization to set up alternative arrangements with all meeting participants. Failure to attend this meeting may result in the organization's loss of facility use privileges for future events.

III. Types of Events

The Office of Campus Life and University Police, as designated by the President of the College, have the ultimate authority to approve the type of event held on campus and have the responsibility to establish the necessary parameters for a particular event.
