Important: To be considered for any federal financial aid for summer 2023, both this application and the 2022-2023 Free Application for Federal Student Aid (FAFSA) must be on file in the Financial Aid Office by May 1, 2023. We require filing the 2022-23 FAFSA by March 1 in order to have funds deferred against bills or available by the summer sessions. Summer 2023 sessions are considered as part of the 2022-2023 academic year. Please be aware that all awards are contingent upon funding and your remaining annual eligibility. Summer disbursements of Federal TEACH grants or Federal Stafford Loans will be made only if the student has not already received the annual maximum aid limit. You must be enrolled for the number of credits indicated on this application in order for aid to be disbursed.

Note: You should not submit this application until you definitely know what courses and sessions you will be registering for. Any adjustments in courses will not be done until the census date and changes after this application has been submitted will significantly delay the disbursement of any aid.
